Introduction to Equine Science & Small Farm Animal Care, Part 1

This is a 12-week course that will walk you through the *history of the horse, horse breeds, horse anatomy, and small farm animal care*. This experiential course takes a 'hands on' approach to learning by providing participants with real life involvement with the horses and other animals in every class.

Dates: Mondays Sept 10th – Nov 26th 3:00 pm – 5:30 pm

**Who is eligible? If you are 18 or older, you are welcome to register!
Pre-requisites are not required to take this course.**

Price: \$450 per course includes printed materials and class binder

All facilitators have graduated with a degree in Equine Science and have varied life experiences they bring with them. At the commencement of this course, and providing participant attended all classes, a 'Certificate of Completion' will be awarded. There will be no makeup classes.
