

Volunteers are the backbone and moral fiber of Pal-O-Mine. By providing community service for Pal-O-Mine, corporate volunteers significantly impact our mission which is to facilitate growth, learning and healing in the populations we serve. As a non-profit corporation, we rely on our volunteers to put our plans into action. An added benefit is that corporate volunteering unites your team and has a positive effect on employee morale.

Pal-O-Mine will acknowledge your support in our newsletter and through our social media pages.

HOW CORPORATE VOLUNTEERS MAKE A DIFFERENCE:

Farm Maintenance

Volunteers assist with property enhancement and landscaping. They build and maintain fences, repair, and paint our sheds and other farm buildings, participate in groundskeeping, and build special projects.

Product Development

Our Vocational Program sells their merchandise at various Pal-O-Mine events throughout the year. Volunteers create beaded dream catchers, wind chimes and bracelets. They build bird houses and construct other handmade items to be sold at our Shop.

Fundraise

Plan and execute a fundraising event for Pal-O-Mine. Have a car wash, host a casino night, sponsor a walk or a run, or create a fundraising page to gather donations on behalf of Pal-O-Mine.

Staff a Pal-O-Mine Charitable Event

Participate in our special events by selling raffle tickets and Pal-O-Mine clothing, working registration, and facilitating parking.

There is a \$1000 investment fee for up to 10 people to participate in our Corporate Engagement Program. This fee covers our staffing and material costs. It's also an investment in your employees for they will learn new skills, feel a sense of purpose and meaning, and work as a team, which in turn, fosters a happier, more productive workplace and improves employee satisfaction. For more information, email Lisa Gatti at lgatti@pal-o-mine.org or call her at 631-348-1389.
